

ProPlex[®]

SceneSwitch 8

The ProPlex SceneSwitch 8 is an 8-channel DMX A/B switcher with built-in 8-scene playback. Perform rapid switching between two DMX sources, e.g. two lighting consoles or between the main console and a backup. Scene playback captures data on all eight DMX lines and, if a console fails, allows instant recall of eight pre-recorded scenes. DMX source and backup functions are selected with a rugged toggle switch to avoid accidental switching.

Technical Specifications	
Part Number	PP8TKAB1685RR
DMX Inputs	2 x 8
DMX Outputs	2
Memory Locations	8
AC Power	100-240V, 50/60Hz
Operating Temperature	-20°C - +40°C
EIA Rack units	19" 2U
Unit Dimensions (WxHxD)	19 x 3.5 x 8 in (483 x 90 x 205 mm)
Unit Weight	6.8 lb (3.1 Kg)
