

Nuri*Lite

Way Better Than Darkness!

*Gimlet

Compact RGB PAR

- Versatile 30° beam angle for many applications
- Compact and lightweight housing. Portable!
- Double yokes for floor or truss mounting
- Flicker-free operation
- Clear and simple menu structure for operation settings
- Includes power cable. Optional barndoor available.

The compact Gimlet RGB LED fixture offers impressive output combined with deep, saturated, and intense colors, all at an affordable price. The Gimlet is flicker-free, making it extremely camera friendly and ideal for TV and film use. The 30° beam angle is perfect for illuminating large surfaces as well as effect lighting. The Gimlet's compact and lightweight housing fits inside most truss, making it a terrific truss toner!

The Gimlet can be controlled via DMX, stand-alone cycling, or in master/slave mode, and hosts a series of onboard pre-programmed macros. Double yokes facilitate floor or truss mounting. An optional barndoor is available.
